INTERNATIONAL MINISTRIES, INC.

Through an anonymous and magnanimous five figure investment in our GlobeWorks' INDIA village church planter families (19 of them)... GlobeWorks is the sole source of income for these impoverished, vetted, Christian missionaries. It has also been able to build a village church structure for only \$2500. Other much needed concrete and tin churches can be built for only \$2000.

You see in this communique of August, 2019... Rev. Suresh: He is from the 'Koya' tribe, which does not have a written, but only spoken, language. Suresh grew up in a Hindu-animist background. His mother abandoned Suresh before he was four years old and a local Christian minister took over and raised Suresh as his own son. Suresh was sent to O.M. (Operation Mobilization) to school where he now holds the Bachelor of Theology degree; has married and fathered 2 children.

Suresh now pastors 15 families in the mountain village of Tekluru. In this Indian village, GlobeWorks and others provided the money to build a church building there at world's end.

It is quite true that GWI supports similar missionary affiliates in Portugal, Sumatra, South Africa, Japan, Russia and elsewhere; all doing a 5-star job for Christ, but the GW family evangelists of south India bravely face death, mockings, beatings almost daily from Hindu extremist nationalists.

The newly elected India parliament is ruled by such enemies of the Cross. Recently, these Hindu radicals have passed a law to outlaw Christianity in their county after 2022.

Dr. Jeyeraj Dasan, the GWI Director of 19 families there told me last week they will NEVER stop preaching Christ in the Hindu villages. Never! Either by life or by death. Dasan was not being dramatic, just honest.

Look at the faces in these photos and remember... A portion of what you give through GlobeWorks is going to support Christians such as these. May God lead you to give generously; even supernaturally to this Asian outreach of GlobeWorks International Ministries. The fruit of your investment is clearly evident.

Sincerely,

Dale Curlyp
